Before any antimicrobial product can be sold in the US it must successfully complete the EPA's Registration process and be issued a "Master Label." The Master Label includes directions, precautionary statements, approved uses and other product information including approved product claims. If a product claim doesn't appear on the Master Label, it can't appear anywhere else. Take a look at ours.

Up Coming Winnipeg Events

Manitoba Provincial Parks - There are many parks and beaches in Manitoba, many are a short drive from the city. Get out and enjoy what Manitoba has to offer and support the local economy. For Manitoba attractions, check to see when or if events will be happening.

NHL - NHL Commissioner Bettman said: Training camps will open July 10 as part of Phase 3 of the Return to Play Plan, provided that medical and safety conditions allow and the League and NHLPA have reached an overall agreement on resuming play. Phase 2, which allows for limited workouts at team facilities, began June 8. Commissioner Bettman said the NHL believes the qualifiers and first two rounds of the playoffs can be completed in a little more than a month.

CFL - It now appears the earliest the CFL might return to play—for a shortened but meaningful season—is this September. Of course, a final decision on whether that will indeed happen will depend on what governments tell us safe for out players and fans.

NFL - After weeks of waiting, the National Football League finally released the details of its 2020 regular season. It's the clearest signal yet that the NFL fully intends to start its next season, despite the fact that much of the country is still under lockdown orders due to the coronavirus pandemic

MLB - Major League Baseball and the MLB Players Association found themselves at odds again Wednesday, following a face-to-face meeting between commissioner Rob Manfred and union executive director Tony Clark, tempering optimism about a potential return-to-play deal between the sides, sources told ESPN. Following a 4 hour negotiation between the leaders Tuesday, MLB emerged believing the framework of a deal had been agreed upon, sources said. The union disagreed with that accounting and players Wednesday said they view the proposed 60-game schedule as too short.

Bacon Potato Cheddar Pie

Ready in 2 hours 50 minutes

Serves 8

Ingredients.

2lbs Bacon	1 Onion, minced	1 sheet parchment paper
5-6 large baking potatoes	4 Garlic cloves, minced	1 pie dish, or oven safe skillet
4 cups Cheddar Cheese	2 TBSP Pepper	

Instructions: Preheat oven to 350 degrees F

1. Mix the minced onions and garlic together.
 2. Coat the cooking area of dish with cooking spray.
 3. Cut the parchment paper into a circle to cooking area of the dish, place it in the dish.
 4. Start lining the center of the dish with a layer of bacon in a fan pattern, with 1 end of the bacon at the center & the other end hangs over the end of the dish. Each slice should overlap about a 3rd to half of the width of a bacon slice. Take care to stagger the bacon at the center so you don't end up with a very thick layer of bacon in the center of the pan. Cover pan completely.
 5. Slice potatoes in 1/4 in slices.
 6. Start adding potato slices in layers inside the pan on top of the bacon, creating a layer of potato on top of the bacon.
 7. Sprinkle pepper, onion/garlic mix & generous portion of cheese over the potatoes.
 8. Repeat the previous 2 steps, until potato & cheese layers are stacked about 1 inch above top of pan.
 9. Fold all of the bacon strips on top of potato until the top layer is completely covered.
 10. Place a small. Metal skillet or pot cover on top of pan to hold bacon in place during baking.
- Bake at 350 F 2 hours 30 min.
