Back to School

Wow, wow, wow, where did the summer go! It seems to take so long for summer to come after a cold winter, but just flies by when it gets here.

I hope everyone enjoyed one of the hottest summers that I can remember, and the best part, almost no mosquitoes!

So if you have kids in school, it's a hectic time for you to get them ready, school supplies etc. Also getting them up in the morning can be challenging especially after 2 months of getting up whenever.

Remember when you are driving that these little ones will be crossing streets etc., and they don'tcontinued on page 3

Yellow Ribbon Greenway trail (6 kms of mostly flat asphalt running from Ferry Rd out to Hamilton Ave.) or the Sturgeon Creek Greenway trail (4 kms from Woodhaven to Saskatchewan Ave) makes for a nice afternoon outing.

For a slightly more challenging course I head to Bison Butte trail, located in the Fort Whyte Alive wilderness conservation area (a legacy course from the 2017

Canada Summer Games).

DRIVERS' DIRTY LITTLE CAR CARE SECRETS

What drivers say they are going to do and what they actually do, are two very different things.

KICK CARBON TO THE CURB

Here are 3 pictures of an engine that has only 140,000 kms on it, which ended up a major repair with 16 bent valves.

How do I know if carbon is building up in my engine?

If you have a vehicle with a gas engine carbon will form.

Why spend money now for something that won't have any effect for some time?

The same reason you change your oil. To avoid costly repairs at a later date as well as improving performance and mileage.

Vehicles that have GDI injection are more susceptible to carbon problems.

Fuel Tune Ups and engine Oil Flushes have become critical in maintaining engines.

Both should be done at minimum, once a year.

not for the faint of heart, as it features 50 degree gradients, bone shattering rock features, a large man made hill with spookily-sheer drops, logs, gap jumps and berms.

When you're not defying gravity or flying over your handlebars into the great beyond, you can just sit back & check out the Pelicans and other water-

fowl at the large fake lake situated next to the Bisson Butte hill.

Or, (once you've taken in the panoramic view of Winnipeg from the top of the

man-made Bison Butte mountain) you can head on into Fort Whyte Alive itself as the admission is free...as long as you're on a bike.
