Happy Valentine's Day

One great thing about Valentine's Day is it means we are getting closer to spring.
 So, a couple of things that are happening at Lanpro, we've got our Digital Inspection up and running. Mind you, we are still working out some of the kinks and issues in the process of learning how it all works. It's critical that we have your correct cell phone number and email address. The next time you are in, make sure we have the correct information.

The other thing is the Lanpro Auto VIP Rewards Program. Make sure you've been signed up for it. If you haven't given us your Birthdate and Anniversary date, bring it up the next time you are in. Another way to let us know would be to email me at lance@lanproauto.com.

This Rewards Program is integrated with our operating system, and you don't have to do anything con't on page 3

Duc Quang (Alex) Bui - Technician

I was born and raised in Vietnam. I graduated high school in 2018, from Nguyen Trai High School , Bien Hoa, Dongnai Vietnam.

During my high school year, I had dreamt of being exposed to the

education system and life in Canada, and that dream came true as I turned 18.

I moved to Toronto, where I took a 2 year course in Automotive Mechanical Repair, and received my diploma from Niagara College in Toronto in 2021. I then moved to Winnipeg, and started working forcontinued on page 2

Automotive Repair Advertisement in 1928 Car Repair Mailer - Sent on a Penny Postcard

Dear Sir:—
We're writing this letter to you today because we want to help you get your money out of your Model T.
It's still as good a car as it was the day the new Model A Ford was announced and there's no need to sacrifice it.
The Model T Ford is still used by more people than any other automobile. Eight million are in active service right now and many of them can be driven one, two, three and five years and even longer.
Bring your car to us and let us look it over. You'll be surprised to see how little it costs to put it in tip-top shape.
New fenders, for instance, cost from \$3.50 to \$5.00 each, with a labor charge of \$1.00 to \$2.50. Tuning up the motor and replacing commutator case, brush and vibrator points costs only \$1.00, with a small charge for material. Brake shoes can be installed and emergency brakes equalized for a labor charge of only \$1.25. A labor charge of \$4.00 to \$5.00 will cover the overhauling of the front axle, rebushing springs and spring perches, and straightening, aligning and adjusting wheels.
The labor charge for overhauling the average rear axle runs from \$5.75 to \$7.00. Grinding valves and cleaning carbon can be done for \$3.00 to \$4.00.
A set of four new pistons and rings cost only \$7.00. For a labor charge of \$20 to \$25.00 you can have your motor and transmission completely overhauled. Parts are extra.
Very truly yours,
Bottineau, N. Dak. C. R. GLEASON CO.

1914 Model T Ford Station Wagon

May 31, 1927, the last Ford Model T rolled off the assembly line. It was the first affordable automobile, due in part to the assembly line process developed by Henry Ford. It had 2.9-liter, 20-horsepower engine and could travel at speeds up to 45 miles per hour. It had a 10-gallon fuel tank and could run on kerosene, petrol, or ethanol, but it couldn't drive uphill if the tank was low, because there was no fuel pump; people got around this design flaw by driving up hills in reverse. Ford believed that "the man who will use his skill and constructive imagination to see how much he can give for a dollar, instead of how little he can give for a dollar, is bound to succeed." The Model T cost \$850 in 1909, and as efficiency in production increased, the price dropped. By 1927, you could get a Model T for \$290. "I will build a car for the great multitude," said Ford. "It will be large enough for the family, but small enough for the individual to run and care for. It will be constructed of the best materials, by the best men to be hired, after the simplest designs that modern engineering can devise. But it will be low in price that no man making a good salary will be unable to own one - and enjoy with his family the blessing of hours of pleasure in God's great open spaces."

Alex continued from page 1.....
Lanpro in November 2021.

I first brought to my dream destination much hope and excitement, and Canada didn't disappoint me at all. It was cool air, yellow maple leaves, and clear sky that made my first few weeks in a totally new environment awesome.

However, homesickness soon ruined all that exhilaration. I was initially very overwhelmed and fortunately I got my guitar, which I regarded as my best friend. I managed to play my guitar as much as possible to keep me from loneliness.

I had a part time job and through my tremendous effort, I was able to save up enough money to possess my very first car right before winter came.

When I was in Vietnam, I had always wondered what winter and snow would be like. And I was just unable to control my eagerness to touch the real snow on the street.

And even though I haven't been able to completely overcome my homesickness, I have grown more love for this country, where I have chances to challenge myself and enjoy life with new people as well as such breath-taking scenery.

Roasted Garlic Parmesan Carrots

Prep. Time: 5 minutes

Cook Time: 25 minutes

Total time: 30 minutes

An easy favorite, roasted carrots tossed with the most flavorful garlicky, buttery parmesan cheese coating.

Ingredients

2 pounds carrots, diagonally cut into 3-inch pieces
 4 TBSP butter
 4 cloves garlic, minced
 1 TSP Italian seasoning

6 Servings

1/3 cup grated parmesan cheese
 1/4 cup chopped fresh parsley
 1/4 tsp salt
 1/4 tsp pepper

Instructions:

1. Preheat oven to 425F. Grease rimmed baking sheet with cooking spray or line with foil.
2. Place prepared carrots in large bowl and set aside.
3. Melt butter in microwave, add minced garlic, and seasonings, whisk till thoroughly combined.
4. Pour mixture over carrots and toss to coat, add parmesan cheese mix till combined.
5. Transfer to baking sheet. Bake 20-25 minutes, or until tender. Stir halfway. Remove from oven and sprinkle with fresh parsley & serve.

Can be made a day or two in advance, keep in air tight container in fridge. To reheat, spread on baking sheet, bake 5 minutes at 425F.

 but reap the benefits of the program.

On the helping the homeless front, with the help of a lot of you we have given out 1272 cheeseburgers and drinks, and over 1260 pairs of socks, boxers, mitts, toques, hats, scarves, soap, afghans, neck warmers and slippers. The need is huge and every dollar helps.

This winter has put a huge strain on your vehicle, regular maintenance is more critical now more than ever. Short trips in this weather put a strain on just about every part of your vehicle, it also creates leaks. So if something doesn't seem right, don't leave it too long, as a simple problem can get a lot worse very quickly.
